

**MEOPeer Science Video Showcase:  
Tell us about your research in two minutes or less!**

MEOPAR's Annual Training and Scientific Meetings will be held online from October 19-30, 2020. As the meetings will be virtual, we are departing from our traditional poster competition. Students and trainees are instead invited to produce short (two minutes max), engaging videos highlighting their research. Videos will be featured during the meeting, uploaded to MEOPAR's YouTube channel, and shared on social media platforms. Prizes will be awarded by the judging panel, and the top prize will go to the winner of the People's Choice Award.

**Key takeaways:**

- Videos must be two minutes or less in length.
- Be creative and have fun!
- Individual and group entries are eligible.
- Prizes will include Beats noise-cancelling headphones and e-gift cards.
- Videos must be submitted by end of day **Monday, September 28, 2020**.

**How to Submit Your Video:**

To submit your video, email us a link to where we can download the file (either from Dropbox, Google Drive, OneDrive, or another file sharing platform). When naming your file, we ask that you use the following file naming convention:

Last name of HQP. First name of HQP. date (DD.MM.YY)

Please contact [meoparannualmeeting@meopar.ca](mailto:meoparannualmeeting@meopar.ca) with questions about the Science Video Showcase. Registration for ATM and ASM is now open! See the following link for more information.
