How to Acknowledge MEOPAR Funding

Congratulations on your MEOPAR funding! Recognizing this support helps show the impact of the research and projects MEOPAR enables, and it helps us keep supporting work like yours. Here's how to do it.

1. Include the MEOPAR logo
Please include the MEOPAR logo in your official project communications, such as presentations, posters, reports, websites, news releases, and social media. Show it alongside the logos of your other project partners and funders. [MEOPAR's Media Kit]

2. Use the acknowledgement statement
Please include the following line, adjusting the wording to fit your project:
"This work was [funded by / done in collaboration with] MEOPAR, which is supported by the Government of Canada through the Strategic Science Fund (SSF)."

Choose "funded by" if MEOPAR provided direct financial support, or "done in collaboration with" if MEOPAR was a partner in the work.

3. Where to use it
Include the logo and statement wherever your project is communicated publicly, for example:

- Publications, reports, and conference materials
- Websites, newsletters, and social media posts
- Media releases and interviews [optional: mention MEOPAR when speaking with media]

Questions?
If you're unsure how to recognize MEOPAR in a particular context, or would like us to review materials before you publish, contact communications@meopar.ca.
